

Call for Paper

The 18th Chinese Lexical Semantics Workshop (CLSW2017)

Leshan, Sichuan, China

18-20, May, 2017

<http://ai.lsnu.edu.cn/clsw2017/>

The 18th Chinese Lexical Semantics Workshop (CLSW2017) will be held on May 18-20, 2017 at Leshan Normal University, Leshan, Sichuan, China. This workshop series has been held in different Asia Pacific cities, including Hong Kong, Beijing, Taipei, Singapore, Xiamen, Hsin Chu, Yantai, Suzhou, Wuhan, Zhengzhou and Macao.

Under the auspices of the Academic Advisory Committee of the Chinese Lexical Semantics Workshop (CLSW) conference, CLSW has become one of the most important meetings for scholars all over the world, China and Asia in particular, to report and discuss the latest progress in Chinese Lexical Semantics and related fields, including Theoretical Linguistics, Applied Linguistics, Computational Linguistics, Information Processing and Computational Lexicography. For 17 years, it has a broad impact, and has greatly promoted academic research and application development of the related fields.

CLSW2017 is organized by Leshan Normal University and Key Lab of Computational Linguistics (Peking University), Ministry of Education, China. Accepted English papers will appear in the conference proceedings. Selected papers from the last three CLSW's were published in Springer's LNAI series and indexed by both SCOPUS and EI. In addition, excellent papers from CLSW will be recommended for consideration for publication in journals such as *Acta Scientiarum Naturalium Universitatis Pekinensis* (《北京大学学报》), *Journal of Chinese Information Processing* (《中文信息学报》), *Applied Linguistics* (《语言文字应用》), *Journal of Zhengzhou University (Natural Science Edition)* (《郑州大学学报》(理

学版)) , *Lingua Sinica*, and *The International Journal of Knowledge and Language Processing (IKLP)* .

Papers must be submitted online at

<https://www.easychair.org/conferences/?conf=clsw2017>

Conference Topics:

Papers are invited on substantial, original, and unpublished research in any aspects of Chinese lexical semantics, including, but not limited to, the following:

- Recent advancements in lexical semantics
- Construction of corpus, and theories, technologies, tools, methods, criteria for sense tagging
- Construction of Chinese word resources including dictionaries, thesauri, and ontology
- Representation, computation and inference of Chinese lexical meanings
- Applications of Chinese lexical semantics on natural language processing
- New methods on Chinese lexical semantics
- General topics in Chinese linguistics

Important Dates

Paper submission deadline	22 January 2017
Notification of acceptance	1 March 2017
Final paper submission deadline	24 March 2017
